Welcome

On behalf of myself and all the staff here at Arden University, welcome to our university.

Joining Arden means you'll become part of our global community. Once you graduate, you'll have achieved a degree that will have given you the skills you need for your chosen career or your own business venture.

We are one of the new, leading universities committed to the United Nations 2030 Sustainable Development Goal of guaranteeing quality education for all, and have pioneered in digital education, offering degree programmes on a global scale, for over 30 years.

It is an exciting time, with lots of new things to learn and skills to develop. We have a diverse range of programmes for you to choose from, and an innovative approach to learning that will help you maximise your potential.

The Arden team and I are here to support you on this amazing journey you're about to embark on.

If you have any questions, please feel free to get in touch for a chat and we can answer any questions you might have.

Thank you for placing your trust in Arden University.

Professor Carl Lygo
Vice-Chancellor

Get to know Arden University

Arden University has over 30 years' experience in delivering flexible learning options to help you achieve an undergraduate or postgraduate degree. When you study online with Arden, the degree you will receive will be the exact same UK Quality Assured degree that is delivered in our UK study centres.

When you join us you'll become part of our vibrant international community of learners. We will work with you to maximise your potential not just with your degree, but also helping you develop vital soft skills.

We know the importance of digital which is why all our resources are available to our students 24/7 online. You'll also get access to a range of online resources such as BibliU, the online library, and hands on experience with the software and programmes you'll be using in your future workplace.

Flexibility is at the heart of everything we do. Studying online with us means you can have time for your family, your career, and for upskilling through your studies as well.

Students can also study at a pace that suits them, which means you can complete your degree as quickly or as slowly as your lifestyle will allow.

What's more, in recognition of our continued commitment to our students, we were named number one education business in the 2020 Education Investor Awards.

Completing a degree programme has the potential to really advance and change your career. Arden offers you the opportunity to study an internationally recognised British degree delivered in a way that suits you.

#1 Education Business of the Year

In recognition of our continued commitment to our students, we were named number one education business in the 2020 Education Investor Awards.

EducationInvestor Awards 2020 WINNER

Flexible payment options
When you study online with Arden you can study at your own pace. This includes the option to take a break from your studies for important life events if you need to. We also give you the chance to pay at your own pace as well, through flexible payment options that allow you to break up your tuition fees into manageable chunks, rather than paying everything all at once.

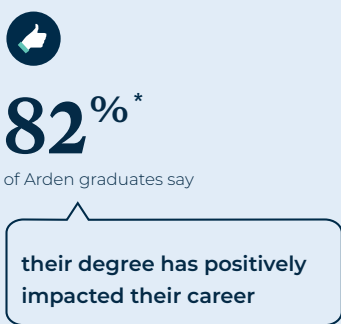

Student support
Throughout your studies, you'll have access to Student Support Advisors and Academic Skills Tutors who are exclusively there to help you. They'll help you to enhance your academic skills, guide you with your orientation, and offer tailored career support. This means you'll have guidance at every stage of your degree.

Professional development
When you join Arden, you're not just getting a degree, you're getting a lot more.

Our students have access to a huge online library as well as study tools and additional learning materials available on our online platform, ilearn.

Most of our programmes come with professional accreditation which means that students become members of the relevant professional bodies while they study and can access additional events and learning.

We're creating an environment to help you excel far beyond your time studying with us. Find out more about our accreditations on page 21.

*Arden University Graduate Survey 2021

Earn a UK degree from home

Network with peers in the UK and around the world.

Students from more than 140 countries around the world have studied with us.

Your degree is identical to the ones delivered via in-person learning in the UK.

Studying globally

You don't need to leave home to get a British degree

We know that leaving home is not an option for a lot of our international students, so since 2015 we have offered completely online learning options. You can become part of the Arden community without getting on a plane!

Never miss a lecture again! If you've always had the ambition of attaining a degree, but never had the time or capacity, with Arden you can study a fully flexible degree. Anytime, anywhere. You can access lectures and learning materials 24/7 while still having access to student support and the Arden student community.

My goals after graduating from Arden are to apply my skills and knowledge in my professional life and take my companies to greater heights. I also want to further my education and earn a doctorate degree.

Mabrukat Daura
CEO and entrepreneur
BSc (Hons) Accounting & Finance
📍 Nigeria

Germany is a leading EU industrial nation and lies at the heart of the Eurozone for professional and financial services. It is a fantastic place for you to study and immerse yourself in German culture. Our aim at Arden University is to help you maximise your potential in a professional and friendly university based in the heart of Berlin.

Our mission
Arden fosters an inclusive learning environment to support the next generation of responsible business leaders. We provide our students with high quality, engaging teaching and learning opportunities and access to a wide range of centre-based and online learning materials to create a truly 21st century university experience.

We will help you develop a set of personal and professional skills over and above your academic studies, and encourage you to develop professional ethics, to strive for equal opportunities, and to value diversity.

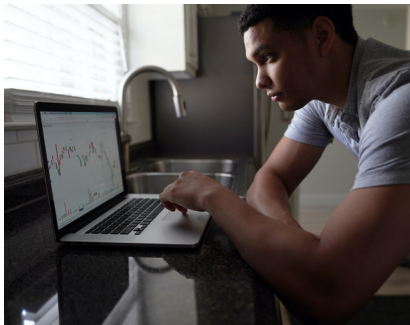

Your online classes
You will be in the exact same learning environment with your student peers in the UK, not a separate class consisting only of international students. Utilise ilearn to engage in discussion and networking with your student cohort and lecturers.

Easy apply
Applying with Arden is free, simple, and speedy. Once you submit your application online, you'll be assigned a course advisor who will guide you through the process of submitting the necessary documents for admissions

English language requirements
If English is not your first language you'll need to submit evidence that your proficiency in the English language meets the required level for your course, such as IELTS at the appropriate grade.

You can complete a free English language test with us directly if you wish. Our test uses the same grading system as the IELTS, and you'll typically receive your results in just a couple of days.

Your Virtual Classroom

Whichever study mode you decide to pick, you'll enjoy 24/7 access to our bespoke digital platform, ilearn.

Our academic team have synthesised the most up-to- date and robust research on what helps people learn and progress well to support success. This underpins our entire approach to designing curricula and course content, to help keep you motivated and engaged throughout your studies. With a real focus on engaged learning, ilearn will be your library, diary and lecture theatre, all rolled into one.

Access all your modules, online resources

Communicate with your lecturer through interactive messaging, forums and virtual sessions.

Create your online notebook for keeping personal notes of your thoughts while reading the learning materials.

Engage with interactive lessons including videos, presentations, animations, knowledge checks and more.

Manage your assessments and maximise your success through our originality and plagiarism checker tool.

Stay in control with notifications for upcoming assignments, module releases and exams.

Adapt how you study with downloadable materials to use offline, on multiple devices.

Ensure confidence at the end of your lesson, with activities and quizzes to test your new knowledge.

Get support from our academic, technical and student support teams.

I wanted to earn my degree because I had a lot of work experience, but I didn't have the formal qualification that represented my skills. It was also important for me to study in English because I want to move abroad with my family in the future.

Having enough time to focus on my studies was a big challenge, as I recently became a father and I work in finance as well as doing personal training. So I'd definitely recommend Arden, because it's allowed me to progress through my degree in my own way.

Marcel Wahrhaftig, Germany

BA (Hons) Business Management
Arden University

Our academic team

Our academic teams pair strong academic and teaching experience with industry skills. Our links to industry and accreditation bodies means that our programmes are informed by current events.

We regularly update our course content so that Arden graduates leave with a career focused degree that has made them ready for the contemporary workplace.

Faculty of Business

Our Faculty of Business creates business ready, entrepreneurial, professional graduates. As part of the faculty there are schools in: Leadership and Management, Healthcare Management, Digital Marketing and Sales, Logistics and Supply Chain Management, Human Resource Management, Digital Finance and Project Management. Each of these schools focuses on the professional skills needed by industry.

Also, within the faculty, is the Institute of Foundation Studies which provides a range of foundation level programmes which lead straight into an undergraduate degree. These programmes provide you with the confidence and skills required to succeed at undergraduate level.

Faculty of STEM

Our Faculty of Science, Technology, Engineering and Mathematics (STEM) prepares you for the future workplace through degrees that connect you directly to industry and its needs. We offer courses in computing, engineering, and graphic design, all designed to impart the practical skills you need to propel your career forward.

Faculty of Social Sciences

Our Faculty of Social Sciences provides an inclusive, vibrant, and stimulating environment to study key areas of the social sciences, helping our students make a positive impact on individuals, communities, organisations, and companies both within the UK and globally. The faculty is home to the School of Psychology and Social Sciences, which includes psychology, criminology, criminal justice, social science, and joint degrees.

Institute of Foundation Studies

At the Institute of Foundation Studies, we are committed to propelling our foundation level students all the way to completing their undergraduate degree and beyond.

Dilshad Sheikh
Dean of Faculty of Business

Here at Arden University we strive to provide a fresh and unique approach to your business and management education. With ideas and experiences taken from employers and thought leaders across the world, we give you the opportunity to put proven business skills and techniques into practice during your studies.

I look forward to welcoming you to the Arden University family.

Georgina Harris
Dean of Faculty of STEM

I am passionate about engineering and the STEM agenda. These professions are filled with problem solvers, driving innovation and development for societal benefit – the importance and currency of which are highlighted regularly in announcements relating to the national skills agenda, no more so than now in the midst of a global pandemic.

I am proud of the leadership role I play within this context, contributing both to education and to furthering knowledge through research in collaborative partnership with industry.

Finola Farrant
Dean of Faculty of Social Sciences

I am responsible for ensuring student success, identifying new areas of growth, and providing academic leadership to the School of Law, School of Psychology, and School of Policing, Cyber Crime and Security.

Prior to working in academia, I held a number of management and leadership positions in national policy and research organisations and have published across a range of criminal justice related topics.

Our Courses

Supporting you

We are committed to your success, both in your academic as well as your professional pursuits. That's why we offer support to help you through your studies and career path while you're with us.

There is a wide range of support on offer to you, including academic and personal support services.

Academic support

Studying with Arden, you'll never be on your own. We have a range of specialists ready and available to support you on every part of your journey, whether that's bringing you up to speed with academic study skills, supporting your mental health and well-being, or helping you find the career you've always wanted.

Student support

Once you start your studies, you'll have access to our dedicated student support team.

Understanding, approachable and ready to help, they're here to help you manage and progress through your course and share in your celebrations when you succeed.

The student support team helps you with:

- Time management
- Motivation
- Financial concerns
- Disability support and DSA application guidance
- Special Educational Needs (SEN) support
- Mental health and wellbeing

Career services

Arden University Berlin careers service is readily available to provide with one-on-one, personalised support in:

- Providing career advice and counselling
- Finding a job or internship
- Reviewing CV, LinkedIn profile, and cover letter
- Setting up practice job interviews to prepare students for any questions they might face in real life
- Providing guidance and coaching specific to the Berlin job market, such as opportunities for non-German speakers and understanding German contracts

Additional support

UNITU

Platform to engage with staff and student reps, and provide feedback

Togetherall

We take the mental health of our students incredibly seriously so offer free access to Togetherall, an online 24/7 mental health service

BibliU

Free access for all students to a digital online library with a huge range of academic books and textbooks

Student Representatives

Student representatives are key to everything we do at Arden. They help project the student voice to staff, something you may be interested in doing when you join us.

As an Arden University student, you'll be taking part in Arden Achieve, a wide variety of enrichment activities which take place during your fourth study block in each academic calendar year.

The Arden Achieve programme provides you with a series of events, subject area clinics, and skills workshops, all of which have been established to support you in three core areas: academic, personal, and professional development.

You'll also have the opportunity to attend talks from guest speakers who are professionally active in your field of study.

After you've completed your Arden Achieve study block, you'll have all the skills you need to progress to your next study level with confidence.

For more information about Arden Achieve and what it means for you, please speak to your student recruitment agent.

Getting started on your career path

We want to produce globally employable graduates. To help boost your employability and value within your workplace, all our courses have been designed with your career in mind and are regularly updated.

By involving alumni, industry experts and lecturers in the creation of our course materials, this means you're learning key practical skills, highly valuable in the workplace.

All of our programmes are QAA approved and a wide range of our programmes are accredited by professional bodies such as the Chartered Management Institute (CMI), the British Psychological Society (BPS), and the Association of Chartered Certified Accountants (ACCA).

These accreditations aren't just a mark of quality; they are sought-after by employers, helping you get ahead in your career by standing out and maximising your future prospects.

How to apply

We try to make the application process as straightforward as possible. We also have multiple intakes throughout the year, so once you apply, you'll be studying with us before you know it

- 1 To begin the application process, please contact your representative who will help you with everything you need to get started.
- 2 Our admissions team will then process your application to determine if you're eligible for your course of interest.
- 3 If your application is successful, you'll receive an offer of a place on the course from us, detailing the next steps to take to start your degree.
- 4 **You'll become part of the Arden community!**

Entry Requirements

For most courses at Arden, we accept the following entry requirements. Please note: some courses might have their own specific requirements, so you'll need to double-check the website for more details.

Undergraduate

To be eligible for our undergraduate courses, you will need either:

- Two subjects at A-level or equivalent, plus three passes at grade C or above at GCSE level or equivalent;

OR

- Completed a recognised Access Programme or equivalent.

OR

- Applicants may be considered based on a minimum of 12 months of professional work experience evidenced with a CV and Reference
- Bsc (Hons) Accounting & Finance requires GCSE maths at grade C or equivalent

Undergraduate with foundation year

To be eligible for our undergraduate courses, you will need either:

- At least three GCSEs or equivalent that are less than 3 years old,

OR

- At least three GCSEs or equivalent, over 3 years old, with an accompanying CV

- Applicants may be considered based on a minimum of 12 months of professional work experience evidenced with a CV and Reference

Postgraduate

To be eligible for postgraduate courses, you will need either:

- A UK Honours degree at a minimum of second class (2.2) or equivalent.
- For MBA we require at least two years of work experience
- For MBA (Graduate) work experience is not required.

English proficiency For undergraduate, and postgraduate courses:

IELTS 6.0 (no less than 5.5 in any element); or TOEFL iBT 60-78; or equivalent

For Foundation courses:

ELTS 5.5 (no less than 5.0 in any element); or TOEFL 46-59; or equivalent

Alternatively, evidence you have previously studied in English, such as a letter to show that the Medium of Instruction was in English can be accepted. We also offer an internal English test for applicants who are unable to provide the above evidence of English proficiency.

Do you have work experience, but not the qualifications?

At Arden University we are more than happy to consider, and positively encourage, an application from you if you have substantial management experience (typically 5 years) and can show us that you have the motivation to study the programme.

We'll ask you for a personal statement that demonstrates your ability to study your master's course. We may also want references and evidence of relevant work experience.years).

How to apply:

Visit arden.ac.uk or speak to your recruitment agent.

Fees & funding

We believe costs shouldn't be a barrier to personal development, which is why the cost of studying with Arden is lower than traditional universities. If you are looking for a smart, value for money option then look no further - you can stay in control of your finances and focus on your learning.

You can use our online fee calculator here arden.ac.uk/studying-with-us/fees-and-funding

We also offer a number of discounts and scholarships, in place to help make our degrees even more affordable for our students.

Please visit arden.ac.uk/terms to discover more about the offers and scholarships we have available.

Flexible payment options

A lot of our students choose to work while they study, which is why we make studying so flexible. We also have a range of payment plans and options to fit in with those who are working to cover the costs of their studies. Payment plans usually break down the cost of your degree into payments made 4 times per year. This also means that if you need to take a break from your studies for a major life event, then your payment plan can accommodate this as well.
